

**You're a Lifesaver!**

**Thank You for Practicing Hand Hygiene!**

IMPROVING QUALITY  
REDUCING INFECTION

## Hand Hygiene Saves Lives!

**Your simple act of Hand Hygiene is the best way to reduce HAIs including CAUTI, SSI and BSI. You are helping prevent colonization and possible infections caused by *MRSA, VRE, Clostridium difficile*, and other organisms.**

***You are helping us develop a healthy and healing environment for our patients.***
