PROGRAM OVERVIEW

Decision Making: Fire or Strategy?

Dr. Mac McCrory is a speaker, author, educator and coach. He is a motivational speaker who has spoken at over 250 national, state and local conferences. His presentation on decision-making will evaluate the critical factors in our decision making process, both as individuals and as a team, as well as examine how communication effects this process, both negatively and positively.

Oklahoma State Department of Health

Mike Cook, Director, will provide an update on key State and Federal changes, as well as provide a vision for the months and year to come.

Incident reports will be presented by Glenn Box. He will share guidance as it relates to State and Federal regulation; and will explain how changes to the regulations change the requirements for incident reports and what you should know.

Emergency Preparedness updates and insights will be provided by Brent Maroney and Kari Beggs. They will also share suggestions and resources to help facilities develop a customized Emergency Plan for their residents and their location.

Long Term Care Survey Process (LTCSP) will be reviewed by Beverly Clark and Susan Hays. This presentation will give an overview of the LTCSP including the steps and resources used during the survey. A portion of the presentation will focus on the Entrance Conference with a review of the required forms and information needed by the survey team. Wendy Youngblood will provide quick review of the SOM and how to get the most out of this valuable resource.

Quality Measures and Composite Scores – Do you know your numbers? Mike Cook will review the importance of these numbers, resources to help improve the numbers and a program to help support facilities and their teams.

National Partnership to Improve Dementia Care has announced new goals. Paula Terrel will review the goals and plans to continue to make improvements in this critical area of dementia care.

Resources and Support – Who, What, When and How? Learn about the programs and groups available to help support facilities and answer questions. Representatives from TMF will provide insight on programs available from their organization and steps needed to get onboard and actively participate. Dr. Julie Myers with OSDH will share information regarding the CMP Fund Program and steps needed to get involved; programs include: Transforming LTC, Step-Up for Dementia Care, Music for the Ages and more...

Destroying Drugs: The Proper Way – Is your facility following regulations to properly destroy drugs? Lisa McAlister will review the latest to ensure you and your team are in compliance.
